HEARTY RISE

HEARTY RISE
Kyasuto
SECOND GENERATION

The Hearty Rise Kyasuto Generation 2 takes the Kyasuto series of rock and surf rods to the next level. The Kyasuto Generation 2 utilises NET-V III carbon, which creates a more refined, faster action while keeping the durability and sensitivity that the original Kyasutos became known for. These models also feature Fuji SIC guides, with an upgraded size 40 catcher guide on the base, allowing for an easier cast with thicker diameter braids.

HEARTY RISE KYASUTO

The ultimate Rock and Surf rod made for South African anglers using Hearty Rise's NET-VII Japanese Carbon Technology allowing for a stronger, lighter, thinner, and more responsive blank.

The Fuji CCKWFG guides are fully braid capable and free-flowing assisting in giving you the furthest and most accurate cast possible.

Rods as light as these allow anglers to stand more comfortably with them for longer, allowing a more pleasant experience while fishing as well as a more enjoyable fight when hooking into a decent fish. The ultra-thin blank and signature taper of the Kyasuto allows anglers to get the furthest possible cast with minimal effort. This allows any angler to get the best possible distance and of course, hook the fish of their dreams! All rods come equipped with a custom Hearty Rise branded Fuji reel seat.

HEARTY RISE GYOLUCK

A new standard in boat lure rods, Gyoluck strikes the perfect balance between strength, flexibility and aesthetics. Powerful yet responsive, it is designed to deliver confident performance in every situation. Whether casting, working the lure or fighting target species, anglers can control the rod with ease while making full use of its impressive power.

Made from Japanese high modulus carbon fibre cloth and covered with crossed carbon webbing the blank unremittingly performs to the maximum with great elasticity. The rod is designed in a 1.5 piece and is fitted with Fuji reel seat and Fuji K-SiC tangle free guides.

FM BRAIDED LEADER

Introducing the Fishman X13 Braided Leader, the ultimate leader for rock and surf anglers who demand top-tier durability and performance. Designed with a Carbon Core center and encased in a 12-strand abrasion-resistant braid, this leader offers unmatched strength and resilience in the toughest fishing environments.

The innovative Carbon Core not only boosts knot strength and abrasion resistance but also ensures that the leader maintains a smooth, round profile, even after countless fishing sessions. The 12-strand braid weaved over the top adds an extra layer of protection, allowing the Fishman X13 to withstand rough surfaces and sharp edges with ease.

Perfect for challenging conditions, the Fishman X13 Braided Leader is built to last, providing the reliability and confidence you need to tackle the rockiest shorelines and the strongest currents.

1X7 & 7X7 STRAND STAINLESS STEEL WIRE

The Trident 7x7 Nylon Coated Fishing Wire is engineered for the angler who values flexibility and strength in their fishing gear. Constructed with a 7x7 strand configuration, this wire is incredibly soft and supple, allowing for easy handling and effortless knot tying. The nylon coating enhances durability while maintaining the wire's flexibility, ensuring it can withstand the rigors of tough fishing environments without compromising performance.

POWER SWIVEL & COMBINATION SWIVEL

Trident's Power Swivel is the ultimate solution for anglers seeking reliable and efficient tackle connections. Trident's Power Swivels are designed to enhance your fishing experience by providing smooth rotation and reducing line twist, ensuring optimal lure presentation and increased chances of landing big fish without failure.

Crafted from high-quality materials, these power swivels are built to withstand the demands of fishing in various conditions. The durable construction ensures excellent strength and corrosion resistance, making them suitable for both freshwater and saltwater fishing.

TPS-6	Trident Power Swivel #6 80lb
TPS-5	Trident Power Swivel #5 100lb

SPLIT RINGS

The Trident Split Ring has been designed and engineered for strength and reliability, this split ring is your go-to choice for securely attaching hooks, lures, and other tackle securely without failure.

Crafted with precision from high-quality materials, the Trident Split Ring offers exceptional durability and corrosion resistance. Its robust construction ensures it can withstand the rigorous demands of saltwater and freshwater fishing environments, providing peace of mind during your angling adventures.

LIGHT DUTY SPLIT RING PLIERS

Introducing our Small Stainless Steel Split Ring Pliers, the ultimate tool for your fishing needs. These pliers are designed with precision and durability in mind, making them an essential addition to any anglers tackle box.

Crafted from high-quality stainless steel, these pliers offer excellent resistance to rust and corrosion, ensuring their longevity and reliability. The compact size makes them perfect for handling small split rings with ease, allowing you to quickly and efficiently change hooks or add accessories to your fishing lures.

SRP-ORP10 Split Ring Pliers Orange 10pk

FISHMAN BRAID SCISSORS

Introducing our Fishman Braid Scissors are designed specifically for cutting braided fishing line with precision and ease. Crafted from high-quality stainless steel, these scissors offer exceptional durability and corrosion resistance, ensuring they withstand the harsh conditions of fishing environments.

Whether you're an avid angler or a casual fishing enthusiast, our Fishman Braid Scissors are the ideal companion for efficient and precise cutting of braided fishing lines, ensuring your fishing experience remains hassle-free and enjoyable.

FISHMAN NECK SCARF

Crafted from high-quality, UV-resistant fabric, this neck scarf provides a reliable barrier against the sun's harmful ultraviolet (UV) rays. The fabric's specialized UV protection technology blocks out a significant portion of UVA and UVB rays, reducing your risk of sunburn and long-term skin damage.

With its multifunctional design, this neck scarf can be worn in various ways to suit your needs and style preferences. Whether you choose to wear it as a neck gaiter, face mask, headband, or wristband, the breathable and lightweight fabric ensures maximum comfort, even during intense outdoor activities.

FMFT Fishman Neck Tube Kob Scale

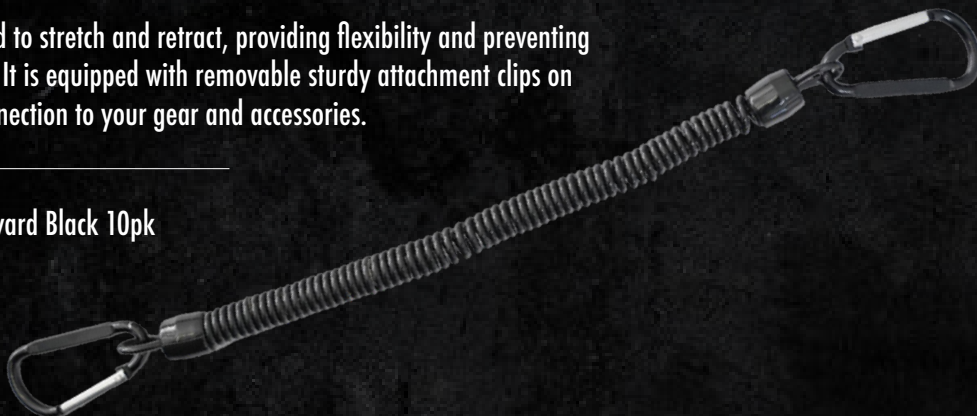

BLACK LANYARD

Our Black Lanyard is the perfect accessory to keep your essential fishing tools and equipment securely attached and easily accessible. Made from durable and resilient materials, this lanyard is designed to withstand the rigors of fishing in various conditions.

The coil design allows the lanyard to stretch and retract, providing flexibility and preventing tangling or snagging during use. It is equipped with removable sturdy attachment clips on both ends, ensuring a secure connection to your gear and accessories.
